

## **NAWIC-Region 1 Block Kids Report April 2015**

This year a total of 247 children participated in Region 1 Block Kids Program (89 girls and 158 boys).

The following chapters submitted regional entries:

Wilmington, DE # 96 - Sidney Tollefsen, Grade 6: House on hydraulic pillars for protection from flooding, with detailed explanation of each component of the structure, and use of solar panels.

Baltimore, MD # 135 - Thomas Weens, Grade 6: Plumbing station built on a platform and painting station; interpretation of demonstration of building trades to special need students.

Pittsburgh, PA # 161 – Nicolette A. Boardman, Grade 5: Solar powered living dome built underground to provide thermal properties, eco friendly, will run and be powered off earth.

The winning entry was submitted to National on February 24, 2015.

Region 1 winner will be announced at Forum in Alexandria, VA on April 18, 2015.

Gay Sanderson, Chair  
Region 1 Block Kids
