NEF FUNDRAISER

Greetings Region One Ladies,

The NAWIC Education Foundation (NEF) is committed to providing and promoting educational opportunities and programs to benefit the construction industry. NEF is solely supported by generous sponsorships and donations.

As a mode of contributing to NEF, you have the opportunity to purchase raffle tickets for their annual fundraiser. Tickets are \$10.00/ticket or 3 for \$25.00. Winnings include: \$500--3rd prize, \$1000--2nd prize, and \$2000--1st prize.

NEF is currently running a contest to see which individual member and individual chapter sell the most tickets! Currently, we only have recorded sales from the Baltimore Chapter for this competition. Just in the month of March alone they sold 70 tickets! Our region currently is in 5th place for most tickets sold. Please be sure if you sell any raffle tickets to include your name and chapter number on the back of the stub you send to me.

There is also a generous discount on construction dictionaries! For a limited time we are selling them for \$25/each! This is more than 50% off! Get them while you can!

Please take note at the bottom of this report for the newly designed NAWIC Education Foundation logo which was just unveiled in March!

Respectfully submitted,

Leah Curran
